These

Each topic covered in this course contains specific objectives for the learner.

Students in early intervention must review each failed exam's Exam-Soft generated missed item report with the course coordinator within one week of the failed exam.

present the validated excuse to the course coordinator. The course coordinator is the only person who can grant an “excused absence.” Failure of the student to contact the course coordinator within 48 hours of the emergency will result in a zero (0) grade for that exercise. Make-up exams will be prepared at the same or higher level than the original exam. The format of the make-up exam may be written or oral. Failure to attend a scheduled make-up exam will result in a zero (0) grade for that exam. Students missing an exam due to a University approved excuse will take the make-up exam as determined by the course coordinator.

Faculty and students must observe the ULM published policy on Academic Dishonesty (see the ULM Student Policy Manual (<http://www.ulm.edu/studentpolicy/>

method (on campus, online). At the beginning of every semester and whenever physical location changes, students must update or verify their current location through banner [https://ssb-prod.ec.ulm.edu/PROD/bwgekogad.P\\_SelectAtypUpdate](https://ssb-prod.ec.ulm.edu/PROD/bwgekogad.P_SelectAtypUpdate). Students should do this by the end of the first week of classes.

This course is a major requirement for the Doctor of Pharmacy degree. Completion of degree requirements leads to eligibility for professional licensure and/or certification in Louisiana upon graduation. Federal Regulations require universities to provide information to students about the alignment between Louisiana's requirements and those of other states. ULM has created a web page with discipline-specific information containing hyperlinks to Licensure Boards in the United States. <https://www.ulm.edu/professional-licensure-disclosures/index.html>. Program Directors and/or faculty will discuss this information with you during advising or other program meetings but is also available to answer questions that address any concerns you might have. It is also important to note that licensure or certification requirements are subject to change. Although ULM Program Directors annually review and update licensure information for every state, the faculty recommends that before enrolling in a program and throughout enrollment, students communicate with the applicable state board to confirm understanding and whether upon completion of ULM's program, they will meet requirements.

All classes will be held synchronously unless otherwise stated below. All synchronous lectures will be recorded and posted to the PHRD 4004 Moodle Course.
